

To the FCC regarding MB Docket No. 04-233

October 18, 2004

To Whom It May Concern:

As a taxpaying citizen, I wish to discourage you from instituting the Low Power FM expansion of services. This would make it extremely difficult for me to listen to the ONLY radio station that I deem worth the airspace. The current music trends in this world mainly consist of violent, sadistic, degrading, and foul lyrics and raucous music. K-LOVE, in contrast, is life affirming, uplifting, wholistic, and encouraging lyrics and music, as well as the conversations between the music selections. I am not the only person who would count the loss of my ability to listen to KLOVE. I pray that you will do the right thing and not expand the LPFM service at the expense of this much loved and necessary station that is heard and can be heard throughout the U.S. When I travel from Texas to Michigan, I can continue the listening by following the different stations that carry KLOVE. As this is a listener supported station, any additional cost to the station would be born by myself and other dedicated listeners.

I am praying that you will do the correct thing.

Beverly J. Stuart
